SCHOOL HEALTH CERTIFICATE

This is to certify that I have inspected THE SMART SCHOOL, run by SRI VIDYA KENDRA at survey No:-77/2, Machohalli, Magadi Road, Bapagrama Post, Bangalore:-560091 and the details are as follows.

1. Location of the Building

Building is situated in a well-elevated place and this place is well situated to run the educational institution, as there is no noise pollution.

2. Basic Facilities provided to the Building

- a) **Air and Light:** Ample provision is made for air and light. The classrooms are provided with windows on both sides. The light and the ventilation are sufficiently made available.
- b) **Water:** The Building has been provided with Four Bore Wells and Rain water harvesting facility with a large pond. Drinking water is provided using R O Water Filters.

3. School has sufficient number of Toilets and Washrooms separately for Boys, Girls, and Staff Members with Underground Drainage .The School campus is compounded on all the sides. The campus is very vast having large number of Trees (Botanical Garden).

The School is suitable to run Educational institution.
